The Farm is

The Bridge is Here

Special Thanks go to Trisan Construction and King Township staff and council for all their invaluable help and support.

See the 10x speed video of installation on our website

So much has happened at The Farm since our last newsletter. Of course the arrival of the Bridge surpasses any other news, as you know, without it we could do so little.

- The garden plot area has been tilled and staked and gardeners have already started to dig, plant, eat!
- Some manure has been delivered, thanks to Bill Hanlon.
- We have six 1000l container totes for water storage.
- Fruit plants and trees have been weeded and more rhubarb planted.
- Damaged trees have been cleared and mulched.
- Pathways are to be created and a sitting and picnic area is in planning stages.
- We have applied for several grants for new fencing around the garden plot area, and more fruit trees.

If this was something that you have been thinking about **DON'T DELAY any longer!**

The three inch **Brass Nameplates** will be available **until July 21st 2017 only.**

They are **\$150 each** and will be installed on/at the bridge for the official opening in September.

You can have them engraved with your family's name, business, company or in memory.

Special If you wish to add on an extra one to your order it will be only \$10 more. Ideal if you have a large family or wish to state it "In memory of" as only two short lines are available per nameplate.

They are available for purchase on our website at
