

News from the FARM

June 2019

Spring has finally sprung!

Like many previous years, the opening of the farm was delayed by weather and the spring started cool but gardens are starting to produce.

Gardens

We've rented the most number of garden plots ever, 40! Some of our members have become very creative keeping the plants warm in the early spring and keeping down weeds.

We've had two workshops

Oleg Leontovych led both the Beginner Gardening workshop on May 4, and the Planting Day workshop June 2.

Upcoming Events

Schomberg Farmers Market – June 22

Garden Tour – June 23

We will sell local produce and surplus produce from our gardeners 9-12.

- June 22
- July 6, 20
- August 3, 17, 31
- Sept 14, 28
- Oct. 12

SCHOMBERG
COMMUNITY
FARM
